N.B. Cambridge City Council can only authorise an interment in a purchased grave with the permission of the owner. In all other cases ownership must be transferred to someone who can legally prove that they are entitled to receive these ownership rights. Whilst the Council will offer all assistance in establishing the means of transfer, responsibility remains with the funeral arranger to have clarified this matter before booking.

Cambridge City Council recognises that all Memorial Masons wishing to erect Memorials need to be BRAMM (British Register of Accredited Memorial Masons accreditation) accredited and in possession of a fixers licence issued by BRAMM. It would be appropriate if the funeral arranger could pass this information on to the relevant persons.
